### **New Machine Applique Class**

**Taken this class here before? The class is new and improved!  
Even if you aren't new to machine applique, you may learn  
something new.**

There are several machine appliqué techniques. For more complex shapes, Mary prefers this technique using wash away stabilizer and glue! We will focus on tracing or marking your chosen shape, cutting the stabilizer, securing the edge of your fabrics around curves of your shape and stitching it down with a blanket stitch, small zigzag or satin stitch of your choice. You will be amazed at the results!
