## Arrow Cabinets Gidget II

Gidget II is a sturdy table that offers free arm and flatbed sewing for those larger sewing, embroidery, and quilting machines on the market.

Her opening is 23-1/2" wide x 12-1/2" deep, and she will support a 45-pound sewing machine!

The steel locking legs offer a sturdy base, but fold up neatly for easy storage.

With a Velcro strip to secure the legs in place and 2 wheels on the side of the table, our Gidget II is perfect for taking to classes and retreats or packing in your RV. Because her tough melamine surface is mar-resistant, the Gidget II will stand up to years of use and still look great.

The Gidget II comes in the Clean White finish.
