Homegrown by Deb Strain for Moda

Farmhouse style is not just for the farm anymore. It is a way of life and attitude, rather than just a rural address. The look combines all styles of decorating – vintage and country, urban and industrial through a limited, warm palette, familiar patterns and text. Homegrown reflects the trend using simple details in shades of whitewash, taupe, gray and black. It incorporates the popularity of written sentiments that focus on family, home and healthy living, creating limitless fresh possibilities for bringing the farmhouse style to your home.
