This class is a must when you don't know how to start your sewing machine. Maybe you inherited a sewing machine or dug one out of the closet. Bring your machine (newly serviced, if needed, we give free estimates), accessories including power cord, foot pedal, and owner's manual (we can order most books). We will demystify how to thread, operate, get you up and running so you can start or return to sewing. Let us help you!

Anything but Ugly

Sunday, March 22, 1-3 pm

Make this little sparkler with seasonal fabrics, colors or metallic prints in time to light up your Christmas decor! Highlight one print in the background or use a solid as the background with prints as the 'X's. This quilt has no blocks, just three shapes assembled into rows. A great design wall application; easy to make adjustments in the finished quilt size. Simple 'on point' construction!

Level: Confident Beginner
